

Literature

Interesting books covering some aspects of the lecture

- **J. J. Sakurai, Advanced Quantum Mechanics**
- **J. J. Sakurai, Modern Quantum Mechanics**
- **R. Shankar, Principles of Quantum Mechanics**
- **J. W. Negele and H. Orland, Quantum Many Particle Systems**
- **R. Feynman and A. R. Hibbs, Quantum Mechanics and Integrals**
- **L. Landau und E. Lifschitz, Quantum Mechanics III**
- **C. Cohen-Tannoudji, B. Diu and F. Laloe, Quantum Mechanics I & II**
- **W. Nolting, Grundkurs Theoretische Physik**
