

XXI Workshop

Beyond the Standard Model

March 16 - 19, 2009

Physikzentrum Bad Honnef

The workshop focuses on recent developments in the theory of fundamental particles, the physics of the early universe, and mathematical physics. There will be a 90-minute introductory pedagogical lecture each morning followed by shorter talks by the participants.

The topics and speakers of the pedagogical lectures are:

- | | |
|----------------------------|--|
| L. Covi (Hamburg): | News from the Sky |
| D. Lüst (München): | String Phenomenology and the LHC |
| M. Neubert (Mainz): | Flavour Physics – Status and Perspectives |
| J. Plefka (Berlin): | Recent Developments in AdS/CFT |

The price for 4 days' accommodation at the Physikzentrum Bad Honnef, including full board is €250, for undergraduate students €210.

The on-line registration form and further information can be found at the following URL:

<http://www.desy.de/uni-th/stringth/bad-honnef/index.html>

The deadline for the registration is **January 31, 2009**.
