
Information Sheet

String Theory

Prof. Dr. Albrecht Klemm

Responsible for the exercises:

Maximilian Poretschkin
Room 2.010 (We 10)
Phone: +49-228-73-60504
Email: poretschkin@th.physik.uni-bonn.de
Office hour: 11 - 12 o'clock or by appointment.

Examination modus

The final grade will be based on your performance in the homework, the midterm exam and the final exam in the following way. The percentage that was reached in the homework, in the midterm exam and the final exam will be weighted according to:

$$\max\left\{ \text{Final Exam}, \frac{1}{2} \text{Final Exam} + \frac{3}{10} \text{Homework} + \frac{1}{5} \text{Midterm} \right\}$$

Example: If you reach 70 % in the final exam, 0 % in the midterm and 0 % in the homework, your final percentage is 70%. If you reach 50 % in the final exam, 70 % in the midterm and 90 % in the homework, your final percentage is 66 %. The final grade will be based on the final percentage you have reached.

Exercise class

There will be one exercise class (lasting two hours) per week. A homework assignment will be handed out every week to be returned one week later.

To register for the class, please fill in the data on the second sheet (and return it!). We will try to find a date that is convenient for everybody. In addition please also participate in the doodle survey

<http://www.doodle.com/yhchbt3wp42ym73v>

We will inform you as soon as possible when the class takes place, so that you can plan your schedule for the other courses.

The exercises start next week (October 21th-25th) and the first exercise will be given by Thorsten Schimannek (s6thschi @ uni-bonn.de) instead of me.

Dates for the exams

There will be a midterm exam during the exercise class in the first week of december.

The final exam will take place within two weeks after the last lecture. The precise date will be fixed in agreement with the participants.

Registration for the exercise class

Name:

Student ID:

Email adress:

Term number:

Lectures attended (e.g. GR, QFT, Riemannian Geometry):

Time	Monday	Tuesday	Wednesday	Thursday	Friday
8-9					
9-10					
10-11					
11-12					
12-13					
13-14					
14-15					
15-16					
16-17					
17-18					
18-19					

Please mark the time slots which are not possible for you with a cross.
